THE JOURNAL OF THE OPTICAL SOCIETY OF AMERICA is the official organ of the Society, and is devoted to original papers on experimental, theoretical and applied optics, in all its branches, including research, instruction, manufacture and design of optical instruments, as well as physiological and medical optics. It is published monthly by the American Institute of Physics Incorporated for, and under the editorial management and control of, the Optical Society of America.

NOTICE FOR CONTRIBUTORS

Manuscripts for publication should be sent to George R. Harrison, Massachusetts Institute of Technology, Cambridge, Massachusetts. Papers are published in English only. To be acceptable for publication manuscript should be original typewritten copy (not carbon copy) either double or triple spaced, with wide margins. References should appear as footnotes only and should be numbered consecutively to avoid repetition. References should include author's name, journal, volume number, page number and year and should be listed in the order given here. Attention should be given to captions for tables and legends for figures. These in all cases should be complete in themselves so as to make the data intelligible to the reader without consulting the text of the article.

Special care should be given to mathematical expressions. The very simplest formulas only should be typewritten and all others carefully written in with pen and ink. Fractional exponents should be used to avoid root signs everywhere. Extra symbols should be used to avoid complicated exponents. The solidus (/) should be used wherever possible for fractions.

All illustrations should accompany manuscript and should always be referred to in the text. Line drawings must be made with India ink on plain white paper or on tracing cloth. Coordinate paper is not desirable, but if used must be blue-lined with all coordinates to be reproduced drawn with India ink. Lettering should be of sufficient size to be legible after reduction.

Proof and all correspondence concerning papers in the process of publication should be addressed to the Publications Manager, American Institute of Physics, 175 Fifth Avenue, New York, New York.

SUBSCRIPTION PRICE

United States and Possessions and Canada **$6.00**
Foreign **$6.60**

BACK NUMBERS

Complete set:
Vol. 1, 1917–Vol. 5, 1921—**$18.00** (sold only as set)
Vol. 1, 1917–Vol. 29, 1939—**$126.00**
Yearly rate: **$6.60**
Single copies: **$0.60** each.
Cumulative Index, 1917–1935: **$2.00**

Subscriptions, renewals and orders for back numbers should be addressed to Prince and Lemon Streets, Lancaster, Pennsylvania, or to the American Institute of Physics, 175 Fifth Avenue, New York.

The Journal of the Optical Society of America is published monthly at Prince and Lemon Streets, Lancaster, Pennsylvania.

Entered as second-class matter at the Post Office at Lancaster, Pennsylvania, under the Act of March 3, 1897. Acceptance for mailing at special rate of postage provided for in the Act of February 28, 1925, embodied in paragraph 4, section 412, P. L. and R., authorized June 19, 1925.
